## Summary

Since I wanted a skill that gives me more options in my life, I got interested in programming when I was in high school in Japan. I decided to learn programming at coding bootcamp called DigitalCrafts which is located in Houston TX. The reason I moved to US was that I can learn not only coding but also English which is the base language for programming.

---

## Experience

### **Project: Pokemon\_Arena**(DigitalCrafts)

Pokemon\_Arena is a turn based pokemon battle simulator. This was my first front end(HTML, css, java script) project at DigitalCrafts. My main task was to design the layout set up the basic events.

### **project: Find your mentor**(DigitalCrafts)

## Education:

**12/11/2018 - 15/03/2019**

**Digital Crafts immersive coding bootcamp**(Houston, Texas)

DigitalCrafts is a full-stack coding bootcamp offering intensive software engineering training programs.

**06/04/2015 - 14/03/2018**

**Omiya-kita High school** (Saitama, Japan)

## Technical Skills:

HTML, CSS, JavaScrip, Python,
